

**Harnessing Brilliance,
Radiating Excellence**

ABOUT US

At Lubanzi Legacy Holdings, we are dedicated to providing professional geological, geotechnical, and environmental services that empower our clients to achieve their goals. Founded in 2020, our journey began with a vision to harness the unique skills and talents we possess within our family, and leave an indelible legacy, deeply rooted in the love and passion we have in serving others for generations to come.

We are proud associate members of the South African Council for Natural Scientific Professions (SACNASP), which reflects our commitment to professionalism and adherence to industry standards.

At Lubanzi Legacy Holdings, we are driven by a shared passion for our work, a commitment to excellence, and a deep sense of responsibility to our clients, ecosystem, and our legacy. We look forward to partnering with you on your journey towards success and sustainability.

Company Profile

Why Choose Us?

Value for Money: We offer professional technical services at competitive rates, making us an ideal choice for big industry players and startup businesses given the challenging prevailing economic climate.

Tailor-Made Solutions: We invest time to understand each client's unique needs and constraints, ensuring that our services address the client's specific requirements effectively and deliver sustainable value for your business.

Extensive Experience: With over 20 years of cumulative experience in the geotechnical, mining, geology and environmental sectors, we bring a wealth of knowledge and expertise to every project.

Project Management Excellence: Our team possesses a deep understanding of project scoping, tracking, and delivery techniques, enabling us to meet deadlines consistently.

Diverse, Women-Led Team: We take pride in our diverse and 100% women-led technical team. Our team's coordination capabilities, analytical skills, attention to detail, and systematic approach ensure that clients receive the highest level of service and expertise.

Business Management Acumen: In addition to technical proficiency, our team is also well-versed in business management, including up to MBA level qualifications. This enables us to provide holistic solutions that align with clients' broader business goals.

Our Vision

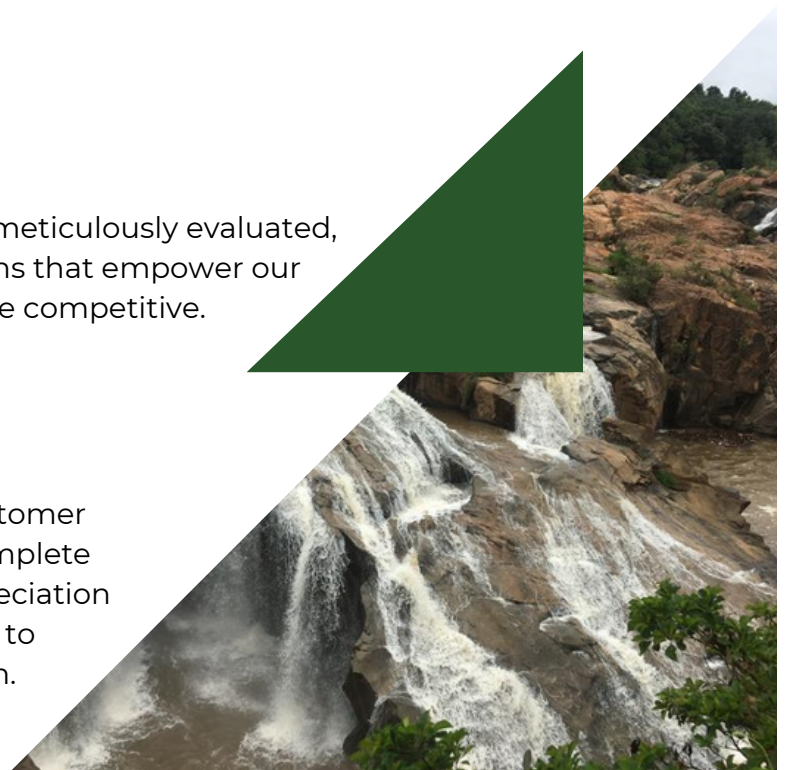

To be a trusted and preferred leader in excellence in the fields of geological, geotechnical, and environmental consultancy, setting new benchmarks for professionalism, innovation, and positive impact on our world.

Our Mission

To create sustainable value by delivering meticulously evaluated, tailor-made, and holistic technical solutions that empower our clients to thrive in their endeavours and be competitive.

Our Values

We are driven by our commitment to customer satisfaction, unwavering integrity and complete transparency, value creation, a deep appreciation for our people, and a steadfast dedication to preserving and enhancing our eco-system.

Services We Offer

Drilling Services:

- Exploration drilling planning, borehole logging, data analysis, results interpretation and expertise advice.
- Exploration drilling contractor management and training.

Mineral Exploration and Valuation:

- Mineral deposits exploration, valuation, and reporting (Competent Person Report).
- Prospecting (scoping, pre-feasibility and feasibility) and mining permits applications.
- Geological model construction, data validation, results interpretation and expertise advice.
- Geological advice on the economic viability of mineral deposits (orebody).

Geotechnical Services:

- Geotechnical investigations, groundwater assessment, and in-situ ground testing.
- Laboratory soil testing, material classification, results analysis and expert advice report.

Contracted Professional Services:

- Contracted on the field professional services for specific projects and durations.

Environmental Compliance:

- Compliance of Environmental authorization and EMPr.
- Evaluation of licensing and review of Environmental Assessment (EA) conditions.

Laboratory Management:

- Laboratory management with operational and quality control measures per ISO standards.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

We are dedicated to inspiring and empowering high school students from underserved communities, encouraging them to pursue fulfilling and professional careers. In alignment with our commitment to this cause, we have established partnerships with Ikusaselihle NPO (177-367), and at Hope Orphanage, organisations that align well with our values.

GOING GREEN

We strive to minimize our negative footprints and promote environmental sustainability. We pledge to ensure that our physical interactions with the environment are non-harmful or have minimal impact, and we are dedicated to the rehabilitation of each site to a better condition than its initial state.
